The National Institute of Corrections (NIC) is seeking applications for funding under the Fiscal Year (FY) 2017 Restrictive Housing Training and Technical Assistance Program. This program furthers NIC’s mission by building the capacity of federal, state, local, and tribal correctional agencies to develop and establish effective restrictive housing programs.

NIC FY 2017 RESTRICTIVE HOUSING TRAINING AND TECHNICAL ASSISTANCE PROGRAM

Eligibility

NIC invites applications from nonprofit organizations (including faith-based, community, and tribal organizations), for-profit organizations (including tribal for-profit organizations), and institutions of higher education (including tribal institutions of higher education). Recipients, including for-profit organizations, must agree to waive any profit or fee for services.

NIC welcomes applications that involve two or more entities; however, one eligible entity must be the applicant and the others must be proposed as sub-recipients. The applicant must be the entity with primary responsibility for administering the funding and managing the entire program.

NIC may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on the merit of the applications and on the availability of appropriations.

For additional eligibility information, see Section C. Eligibility Information.

Deadline

Applicants must register with Grants.gov prior to submitting an application. NIC encourages applicants to register several weeks before the application submission deadline. In addition, NIC urges applicants to submit applications 72 hours prior to the application due date. All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. Eastern time on February 16, 2017.

For additional information, see How To Apply in Section D Application and Submission Information.
Contact Information

For programmatic questions concerning this solicitation contact [Glenn Watson](g2watson@bop.gov) or [Tony Stines](jstines@bop.gov) Correctional Program Specialists, National Institute of Corrections. Responses to programmatic questions will be posted on NIC’s website for public review. The website will be updated regularly and postings will remain on the website until the closing date of this solicitation.

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via e-mail to [support@grants.gov](mailto:support@grants.gov). Hotline hours of operation are 24 hours a day, 7 days a week, except federal holidays.

Applicants who experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the NIC at [BOP-NIC/General@bop.gov](mailto:BOP-NIC/General@bop.gov) within 24 hours after the application deadline and request approval to submit their application. Additional information on reporting technical issues is found under “Experiencing Unforeseen Grants.gov Technical Issues” in the [How To Apply](#) section.

NIC FY 2017 Restrictive Housing Training and Technical Assistance Program (CFDA # 16.601)

A. Program Description

Overview

In 2015, the President asked the Attorney General to not only conduct a review of the overuse of solitary confinement across American prisons, but also to develop strategies for reducing the use of this practice across our nation’s criminal justice.¹ A product of this review was the Guiding Principles, which are intended as best practices for correctional agencies within the American criminal justice system. To assist the Department of Justice (DOJ) in a national effort to reduce the use of restrictive housing, this National Institute of Corrections (NIC) program will fund training and technical assistance to federal, state, local, and tribal correctional agencies that will build their capacity to develop, enhance, and maintain restrictive housing programs that support safe, humane conditions that prepare inmates for reintegration into both the general population and society at large.

NIC’s training and technical assistance approach will address the most challenging questions facing correctional officials: How correctional agencies manage their most violent and disruptive inmates? How can they best protect their most vulnerable and victimized ones? And what is the safest and most humane way to do so?² Additionally, Inmates with serious mental illness (SMI) who are violent or disruptive pose a special challenge to correctional agencies nationwide. Their behavior often requires removal from the general population, and yet traditional forms of restrictive housing present many challenges. The DOJ Guiding Principles establish best practices around identification, placement, and management of all inmates to include those with SMI.

NIC is committed to providing training and technical assistance to the field to ensure federal, state, local, and tribal correctional agencies are knowledgeable in effective practices and have the tools to safely reduce restrictive housing populations. NIC will expect the provider selected under this program to deliver training and technical assistance focused on implementing the DOJ’s Guiding Principles concerning the use of restrictive housing.

Program-Specific Information

This program will develop, enhance, and expand restrictive housing training and technical assistance for federal, state, local, and tribal correctional agencies. Since the safety of

¹ https://www.justice.gov/restrictivehousing
² https://www.justice.gov/restrictivehousing
inmates, staff, the public, and the orderly operation of correctional agencies is critical for successful outcomes, the need for significant training to support restrictive housing reform exists.

Through this cooperative agreement, NIC seeks to expand its delivery of restrictive housing services to include local confinement facilities (jails). Currently, an NIC restrictive housing curriculum for jails does not exist. The existing 5-day, 40-hour Managing Restrictive Housing Training Program for prisons is designed to be delivered to 30 participants, in teams of three (3) from state correctional agencies. The curriculum (facilitator and participant guides and PowerPoint presentation) was most recently updated in June 2016 after the release of the DOJ’s Guiding Principles. Program content includes: a brief history of restrictive housing; issues related to the use of restrictive housing; constitutional amendments, court decisions, consent decrees, and other cases; management strategies for restrictive housing; the importance of mission, vision, and values; prison culture and climate; staffing; functional analysis; and behavior management plans. Most importantly, the program offers participants an opportunity to increase knowledge around restrictive housing by sharing best and promising practices with peers, and develop an understanding of the restrictive housing “Guiding Principles” issued by the DOJ in the report “Department of Justice Report and Recommendations Concerning the Use of Restrictive Housing.”

**Goals, Objectives, and Deliverables**

**Goal.** The goal of this program is to safely reduce restrictive housing populations by providing training and technical assistance to federal, state, local, and tribal correctional agencies concerning best and promising restrictive housing practices.

**Objectives**

1. Update and revise existing Managing Restrictive Housing Populations curriculum for prisons.

2. Develop a Managing Restrictive Housing Populations curriculum specifically for jails by modifying the existing prisons curriculum (updated and revised through this cooperative agreement).

3. Provide federal, state, local, and tribal correctional agencies with restrictive housing training and technical assistance:

4. Collect data from participant agencies to measure the impact of training and technical assistance.

**Deliverables.** In addition to the strategy of the program design, the successful applicant must complete the following deliverables during the project period. The program narrative should reflect how the applicant will accomplish these activities.
1. Attend NIC’s Managing Restrictive Housing Populations Training Program for prisons at the National Corrections Academy, Aurora, Colorado from March 27-31, 2017. The project manager and a curriculum developer shall be in attendance.

2. Facilitate a three (3) day initial planning session and focus group at the National Corrections Academy in Aurora, CO no later than 30 days from award, preferably on April 3-5, 2017. The purpose of the planning session is to develop the work plan in accordance with the elements of the cooperative agreement. At a minimum, attendees of the planning session must include the NIC program managers, project manager, and curriculum developer. The purpose of the focus group is 1) to identify content for the revisions and updates to the existing curriculum for prisons, and 2) to identify content differences and challenges present in jails versus prisons in preparation for the development of the jails curriculum. At a minimum, attendees of the focus group must include the NIC program managers, project manager, curriculum developer, four (4) correctional practitioners, and two (2) behavioral health experts. Awardee should anticipate one (1) day for the planning session and two (2) days for the focus group.

3. Update and revise the existing Managing Restrictive Housing Populations curriculum for prisons (facilitator and participant guides and PowerPoint presentation) from a 5-day, 40-hour program intended for 30 participants to a 4-day, 32-hour program intended for 27 participants, based on information gathered from the Managing Restrictive Housing Training Program, planning session, focus group, and research.

4. Develop a Managing Restrictive Housing Populations curriculum specifically for jails by modifying the existing prisons curriculum (updated and revised from this cooperative agreement), and by identifying and incorporating adaptations that reflect differences and challenges present in jails versus prisons. The curriculum will be designed as a 4-day, 32-hour program intended for 27 participants based on information gathered from the Managing Restrictive Housing Training Program, planning session, focus group, and research.

5. Pilot a national Managing Restrictive Housing Populations Training Program for prisons.

- Awardee will conduct the training program at the National Corrections Academy, Aurora, CO using the awardee revised curriculum on May 22-25, 2017.

- This training will be considered the pilot for the newly revised curriculum. The curriculum developer will be present. Final revisions to the curriculum will be made based on observations of the 4-day training cycle by the curriculum developer and NIC’s program manager, as well as instructor and participant feedback.

- Participants are selected from agencies nationwide.
- Program instructors will be comprised of two (2) correctional practitioners and one (1) behavioral health expert.

6. Conduct a national Managing Restrictive Housing Populations Training Program for prisons.

- Awardee will conduct the training program at the National Corrections Academy, Aurora, CO using the final revised curriculum on September 11-14, 2017.

- Awardee will utilize the final revised curriculum.

- Participants are selected from agencies nationwide.

- Program instructors will be comprised of two (2) correctional practitioners and one (1) behavioral health expert.

7. Pilot a national Managing Restrictive Housing Populations Training program for jails.

- This training will be considered the pilot for the newly developed jails curriculum. The curriculum developer will be present. Final revisions to the curriculum will be made based on observations of the 4-day training cycle by the curriculum developer and NIC’s program manager as well as instructor and participant feedback.

- Awardee will work with the NIC program manager to determine the training site and dates.

- Participants are selected from agencies nationwide.

- Program instructors will be comprised of two (2) correctional practitioners and one (1) behavioral health expert.

8. Conduct a national Managing Restrictive Housing Populations Training program for jails.

- Awardee will work with the NIC program manager to determine the training site and dates.

- Awardee will utilize the final revised curriculum.

- Participants are selected from agencies nationwide.

- Program instructors will be comprised of two (2) correctional practitioners and one (1) behavioral health expert.

- Awardee will work with the NIC program manager to determine training site and dates.
- Conducted at a host agency.
- Participants are selected from agencies within the host agency’s state.
- Program instructors will be comprised of two (2) correctional practitioners and one (1) behavioral health expert.

10. Conduct a regional Managing Restrictive Housing Populations training program for jails.

- Awardee will work with the NIC program manager to determine training site and dates.
- Conducted at a host agency.
- Participants are selected from within the host agency’s region (e.g. surrounding counties).
- Program instructors will be comprised of two (2) correctional practitioners and one (1) behavioral health expert.

11. Conduct one (1) targeted restrictive housing technical assistance (TA) for prisons.

- TA requests are received from agencies nationwide.
- Expect to utilize 1-2 resource providers.
- Resource providers will be comprised of either correctional practitioners or behavioral health experts.
- Expect targeted TA to be 2-3 days on site.
- Resource provider(s) produce written report of TA accomplishments to include agenda, materials used, findings, recommendations, etc. NIC program manager will review draft report prior to final submission to the agency.

12. Conduct one (1) targeted restrictive housing technical assistance (TA) for jails.
• TA requests are received from agencies nationwide.

• Expect to utilize 1-2 resource providers.

• Resource providers will be comprised of either correctional practitioners or behavioral health experts.

• Expect targeted TA to be 2-3 days on site.

• Resource provider(s) produce written report of TA accomplishments to include agenda, materials used, findings, recommendations, etc. NIC program manager will review draft report prior to final submission to agency.

13. Create an information package containing, but not limited to, the following content:

  o Course overview
  o Course objectives
  o Action planning requirements
  o Intended audience
  o Pre-work requirements
  o Evaluation processes
  o Travel & logistics
  o Regional training host requirements

14. Facilitate a two (2) day focus group at the National Corrections Academy in Aurora, CO to discuss delivery strategies, format, and content of a Managing Restrictive Housing Populations Training for Trainers curriculum for jails. At a minimum, attendees of the focus group must include the NIC program managers, project manager, curriculum developer, two (2) correctional practitioners and one (1) behavioral health expert. This meeting would best be accomplished in the final quarter of this project.

Award Conditions. The successful applicant must:

• articulate a clear understanding of best and promising practices concerning restrictive housing, to include the DOJ’s Guiding Principles.

• demonstrate proven experience in training needs and operational assessments.

• demonstrate substantial capacity to provide restrictive housing training and technical assistance.

• demonstrate proven experience in curriculum development and expertise in adult learning principles; specifically, Instructional Theory Into Practice (ITIP).

• demonstrate proven experience in curriculum development and expertise in adult
learning principles; specifically, training-for-trainers curriculums.

- exhibit written communication competencies in the form of published works, lesson plans, and/or articles submitted to professional publications.

- demonstrate proven experience in developing and conducting course and impact evaluations.

- demonstrate proven experience in collecting and analyzing restrictive housing data.

**Specific Requirements**

- Awardee shall actively work with NIC program managers to determine the suitability of correctional practitioners and behavioral health experts. Final determination rests with NIC program managers.

  o Correctional practitioners must:

    - have specific knowledge and experience in due process regarding inmate assignment to restrictive housing, legal issues involving restrictive housing, restrictive housing management strategies, use of alternative sanctions, prison culture and climate, classification, and staffing of restrictive housing units.
    - have attained an executive level position (e.g. warden, superintendent, jail administrator, sheriff, etc.) in a federal, state, or local facility that housed Restrictive Housing inmates.
    - have experience in facilitating executive-level meetings and/or adult instructional learning of 20 or more people.
    - have experience working in an agency’s central office and/or experience working with other agencies/entities on the development of appropriate restrictive housing policies and procedures.

  o Behavioral health experts must:

    - have specific knowledge and experience in treatment programs designed for restrictive housing inmates, reentry issues for mental health inmates in restrictive housing, legal issues surrounding restrictive housing and mental health inmates, management of mental health inmates, use of alternative sanctions for mental health inmates, mental health assessments, and the improvement of patient outcomes.
    - have a minimum of five (5) years’ experience.
    - be a licensed psychologist or psychiatrist.
- have experience in facilitating executive-level meetings and/or adult instructional learning of 20 or more people.
- have experience working in an agency’s central office and/or experience working with other agencies/entities on the development of appropriate restrictive housing policies and procedures.

- Awardee shall actively work with NIC program managers to determine the suitability of participants. Final determination rests with NIC program managers.

- Awardee is responsible for travel related costs for all participants (except for regional training events). Costs include roundtrip air travel, baggage, mileage, parking, ground transportation, lodging, and per diem at the federal rate. Awardee is responsible for costs associated with transportation for all attendees to and from the hotel and training site. Awardee is not responsible for travel related costs for federal employees.

- Awardee shall print and distribute instructor, participant, and associated materials at all training and technical assistance events.

- Awardee shall, throughout the duration of the award period, maintain regular, routine contact with NIC program managers regarding programmatic and deliverable progress. This includes, but is not limited to:
  - At a minimum, schedule and conduct monthly telephone updates, providing NIC program managers with information about deliverable status, challenges, areas where assistance is required, etc.
  - Quarterly progress reports are required; adhering to the written requirements and prescribed schedule outlined in the award documents.

- Awardee shall provide appropriate documentation of meeting (e.g. planning sessions, focus groups, etc.) outcomes to NIC program managers.

**Evaluation Requirements.** All training programs must have an evaluation conducted, processed, and tallied into a formal, written report. At a minimum, evaluation reports are to be electronically submitted to NIC program managers.

- Awardee is responsible for developing and coordinating the post-training and technical assistance evaluation process, including (1) instrument distribution to training participants and instructors, (2) collection and analysis of responses, and (3) preparation/delivery of summaries of outcomes to NIC program managers. At a minimum, evaluation reports should include numeric averages, qualitative comments, and participation rate.
• Conduct follow-up evaluations six months and twelve months after each training program and technical assistance event for evidence of the impact on the participant agencies. The results of the evaluations must be submitted within sixty (60) days of solicitation.

**Evidence-based programs or practices.** NIC strongly emphasizes the use of data and evidence in policy making and program development. NIC is committed to:

• improving the quantity and quality of evidence NIC generates;

• integrating evidence into program, practice, and policy decisions within NIC and the field; and

• improving the translation of evidence into practice.

NIC considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which NIC considers a program or practice to be evidence-based.

**Additional Resources**

**NIC Training and Technical Assistance Awardee Standards.** NIC has developed the [TA Handbook](#) to promote among providers the consistency and quality of NIC-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training.

• Awardee and attendees will review and become familiar with the established curriculum, presentation slides, facilitator’s guide, participant manual, and any other material deemed appropriate by the awardee or NIC program managers.

• [ITIP](#) tool kit

**Federal Award Information**

NIC expects to make one award for a 12-month project period, beginning on March 13, 2017.
If the awardee demonstrates significant progress toward implementing project activities and achieving project goals, NIC may, in certain cases, provide supplemental funding for FY 2018 and FY 2019 to the awardee. With the supplemental funding, the project period will be extended for two additional 12-month increments for an overall project period of 36 months. Important considerations in decisions regarding supplemental funding include, among other factors, the availability of funding, strategic priorities, assessment of the quality of the management of the award (for example, timeliness and quality of progress reports), and assessment of the progress of the work funded under the award.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

**Type of Award.** NIC expects to make an award from this solicitation in the form of a cooperative agreement which is a particular type of grant used when NIC expects to have ongoing substantial involvement in award activities. Substantial involvement includes direct oversight and involvement with the grantee organization in implementation of the grant but does not involve day-to-day project management. See Administrative, National Policy, and Other Legal Requirements, under Section F. Federal Award Administration, for details regarding the federal involvement anticipated under an award from this solicitation.

**Financial Management and System of Internal Controls.** If selected for funding, the award recipient must:

(a) Establish and maintain effective internal control over the federal award that provides reasonable assurance that the nonfederal entity is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

(b) Comply with federal statutes, regulations, and the terms and conditions of the federal awards.

(c) Evaluate and monitor the nonfederal entity's compliance with statute, regulations, and the terms and conditions of federal awards.

(d) Take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings.

(e) Take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency or pass-through entity designates as sensitive or the nonfederal entity considers sensitive consistent with applicable federal,
state, and local laws regarding privacy and obligations of confidentiality.

**Budget Information**

**Pre-Agreement Cost Approvals.** NIC does not typically approve pre-agreement costs; an applicant must request and obtain the prior written approval of NIC for all such costs. If approved, pre-agreement costs could be paid from grant funds consistent with a grantee’s approved budget, and under applicable cost standards. However, all such costs prior to award and prior to approval of the costs are incurred at the sole risk of an applicant.

Generally, no applicant should incur project costs *before* submitting an application requesting federal funding for those costs. Should there be extenuating circumstances that appear to be appropriate for NIC’s consideration as pre-agreement costs, the applicant should contact the point of contact listed on the title page of this announcement for details on the requirements for submitting a written request for approval.

**Limitation on Use of Award Funds for Employee Compensation; Waiver.** With respect to any award of more than $250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the Federal Government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. The 2015 salary table for SES employees is available at the Office of Personnel Management [website](#). Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.)

**B. Eligibility Information**

For additional eligibility information, see the title page.

Cost sharing or match requirement. For additional information on cost sharing or match requirement, see Section **B. Federal Award Information**.

**Limit on Number of Application Submissions.** If an applicant submits multiple versions of the same application, NIC will review only the most recent system-validated version submitted. For more information on system-validated versions, see [How To Apply](#).
C. Application and Submission Information

What an Application Should Include

Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications that are determined to be nonresponsive to the scope of the solicitation or that do not include the application elements that NIC has designated to be critical, will neither proceed to peer review nor receive further consideration. Under this solicitation, NIC has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet or Budget Narrative.

Applicants should review the “Note on File Names and File Types” under How To Apply to be sure that they submit their applications in the permitted formats.

NIC strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Résumés”) for all attachments. Also, NIC recommends that applicants include résumés in a single file.

1. Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. This form can be found on Grants.gov and NIC’s website www.nicic.gov.

Intergovernmental review. This funding opportunity (program) is not subject to Executive Order 12372. (In completing the SF-424, applicants are to make the appropriate selection in response to question 19 to indicate that the “Program is not covered by E.O. 12372.”)

2. Project Abstract. Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be:

- written for a general public audience;
- submitted as a separate attachment with “Project Abstract” as part of its file
name; and

- single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins.

As a separate attachment, the project abstract will not count against the page limit for the program narrative.

The abstract should briefly describe the project’s purpose, the population to be served, and the activities that the applicant will implement to achieve the project’s goals and objectives. The abstract should describe how the applicant will measure progress toward these goals.

3. Program Narrative

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point font, preferably Times New Roman. Pages should be numbered “1 of 30,” etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced and will count in the 30-page limit. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, NIC may consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) statement of the problem; (2) goals, objectives, and performance measures; (3) program design and implementation; and (4) capabilities/competencies. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program’s structure and activities will accomplish the goals and objectives identified in the previous section.

The following sections should be included as part of the program narrative:

a. **Statement of the Problem.** Applicants should describe any research or evaluation studies that relate to the problem and contribute to the applicant’s understanding of its causes and potential solutions. While NIC expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.
b. **Goals, Objectives, and Performance Measures.** Applicants should describe the goals of the proposed training and technical assistance program and identify its objectives. When formulating the program’s goals and objectives, applicants should be cognizant of the performance measures that NIC will require successful applicants to provide:

- **Goals.** Applicants should describe the program’s intent to deliver training and technical assistance, as described in the previous section and outline the project’s goals.

- **Program Objectives.** Applicants should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project’s desired results. They should be clearly linked to the training and technical assistance strategy identified in the preceding section and measurable.

- **Performance Measures.** NIC requires all applicants to submit quarterly progress reports demonstrating progress towards completion of the work proposed under this solicitation. The performance measures for this solicitation are:
<table>
<thead>
<tr>
<th>Objective</th>
<th>Performance Measure(s)</th>
<th>Description</th>
<th>Data Grantee Provides</th>
</tr>
</thead>
<tbody>
<tr>
<td>To provide training and technical assistance to state and local correctional agencies concerning best and promising restrictive housing practices.</td>
<td>Update and revise existing Managing Restrictive Housing Populations curriculum for prisons.</td>
<td>This measure represents the number of program materials that were developed during the reporting period.</td>
<td>Number of program materials developed during the reporting period.</td>
</tr>
<tr>
<td>Modify existing Managing Restrictive Housing Populations curriculum for prisons (updated and revised from this cooperative agreement) into a jails specific curriculum</td>
<td>Modify existing Managing Restrictive Housing Populations curriculum for prisons (updated and revised from this cooperative agreement) into a jails specific curriculum</td>
<td>This measure represents the number of program materials that were developed during the reporting period.</td>
<td>Number of program materials developed during the reporting period.</td>
</tr>
<tr>
<td>Provide state and local correctional agencies with restrictive housing training and technical assistance</td>
<td>Provide state and local correctional agencies with restrictive housing training and technical assistance</td>
<td>This measure represents the number of planning, training, or technical assistance activities held during the reporting period.</td>
<td>Number of planning, training, or technical assistance events held during the reporting period.</td>
</tr>
<tr>
<td>Collect data from participant agencies to measure impact of training and technical assistance</td>
<td>Collect data from participant agencies to measure impact of training and technical assistance</td>
<td>This measure represents the number of people who exhibit an increased knowledge of the program area(s) after participating in training or the number of organizations reporting improvements in operations as a result of training and technical assistance.</td>
<td>Number of people exhibiting an increase in knowledge post-training. Number of people trained during the reporting period. Number of organizations reporting improvements in operations based on training and technical assistance.</td>
</tr>
</tbody>
</table>
NIC does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that NIC will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data, should they receive funding.

c. **Project Design and Implementation.** Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section on page 6. NIC encourages applicants to select evidence-based practices for their programs.

**Logic Model.** Applicants should include a logic model that graphically illustrates how the performance measures are related to the project’s problems, goals, objectives, and design. Applicants should submit the logic model (sample here) as a separate attachment, as stipulated in Additional Attachments.

**Timeline.** Applicants should submit a milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates.

Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 19. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that NIC will provide.

d. **Capabilities and Competencies.** This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program’s organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.
Letters of Support/Memoranda of Understanding. If submitting a joint application, as described under Section C: Eligibility Information, page 1, applicants should provide signed and dated letters of support or memoranda of understanding for all key partners that include the following:

- expression of support for the program and a statement of willingness to participate and collaborate with it;

- description of the partner’s current role and responsibilities in the planning process and expected responsibilities when the program is operational; and

- estimate of the percentage of time that the partner will devote to the planning and operation of the project.

4. Budget Detail Worksheet and Budget Narrative. Applicants should provide a budget that (1) is complete, allowable, and cost-effective in relation to the proposed activities; (2) shows the cost calculations demonstrating how they arrived at the total amount requested; and (3) provides a brief supporting narrative to link costs with project activities. The budget should cover the entire award period.

a. Budget Detail Worksheet. Applicants that submit their budget in a different format should include the budget categories listed in the sample budget worksheet. The Budget Detail Worksheet should be broken down by year.

b. Budget Narrative. The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. NIC expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narratives how they will maximize cost effectiveness of grant expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should be broken down by year.
c. **Noncompetitive procurement contracts in excess of simplified acquisition threshold.** If an applicant proposes to make one or more non-competitive procurements of products or services, where the noncompetitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at $150,000, the application should address the considerations outlined in the Financial Guide.

d. **Preagreement Cost Approvals.** For information on pre-agreement costs, see Section B, Federal Award Information.

5. **Indirect Cost Rate Agreement (if applicable).** Indirect costs are allowed only if the applicant has a current federally approved indirect cost rate. (This requirement does not apply to units of local government.) Attach a copy of the federally approved indirect cost rate agreement to the application. Applicants that do not have an approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the applicant organization, or, if the applicant’s accounting system permits, costs may be allocated in the direct cost categories.

6. **Tribal Authorizing Resolution.** Tribes, tribal organizations, or third parties proposing to provide direct services or assistance to residents on tribal lands should include in their applications a resolution, letter, affidavit, or other documentation, as appropriate, that certifies that the applicant has the legal authority from the tribe(s) to implement the proposed project on tribal lands. In those instances when an organization or consortium of tribes applies for a grant on behalf of a tribe or multiple specific tribes, the application should include appropriate legal documentation, as described above, from all tribes that would receive services or assistance under the grant. A consortium of tribes for which existing consortium bylaws allow action without support from all tribes in the consortium (i.e., without an authorizing resolution or comparable legal documentation from each tribal governing body) may submit, instead, a copy of its consortium bylaws with the application.

7. **Applicant Disclosure of High Risk Status.** Applicants are to disclose whether they are currently designated high risk by another federal grant making agency. This includes any status requiring additional oversight by the federal agency due to past programmatic or financial concerns. If an applicant is designated high risk by another federal grant making agency, you must submit the following information to at the time of application submission:

   a. the federal agency that currently designated the applicant as high risk;

   b. date the applicant was designated high risk;
c. the high risk point of contact name, phone number, and email address, from that federal agency; and

d. reasons for the high risk status.

NIC seeks this information to ensure appropriate federal oversight of any grant award. Unlike the Excluded Parties List, this high risk information does not disqualify any organization from receiving an NIC award. However, additional oversight may be included, if necessary, in award documentation.

8. Additional Attachments. Applicants should submit the following information, as stipulated in the cited pages, as attachments to their applications. While the materials listed below are not assigned specific point values, peer reviewers will, as appropriate, consider these items when rating applications. For example, reviewers will consider résumés and/or letters of support/memoranda of understanding when assessing “capabilities/competencies.” Peer reviewers will not consider any additional information that the applicant submits other than that specified below.

a. Applicant Disclosure of Pending Applications

Applicants are to disclose whether they have pending applications for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to state agencies that will subaward federal funds).

NIC seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:

- the federal or state funding agency;
- the solicitation name/project name; and
- the point of contact information at the applicable funding agency.
<table>
<thead>
<tr>
<th>Federal or State Funding Agency</th>
<th>Solicitation Name/ Project Name</th>
<th>Name/Phone/E-mail for Point of Contact at Funding Agency</th>
</tr>
</thead>
<tbody>
<tr>
<td>DOJ/COPS</td>
<td>COPS Hiring Program</td>
<td>Jane Doe, 202/000-0000;</td>
</tr>
<tr>
<td>HHS/ Substance Abuse &amp; Mental Health Services Administration</td>
<td>Drug Free Communities Mentoring Program / North County Youth Mentoring Program</td>
<td>John Doe, 2023000-0000; <a href="mailto:john.doe@hhs.gov">john.doe@hhs.gov</a></td>
</tr>
</tbody>
</table>

Applicants should include the table as a separate attachment, with the file name “Disclosure of Pending Applications,” to their application. Applicants that do not have pending applications as described above are to include a statement to this effect in the separate attachment page (e.g., “[Applicant Name on SF-424] does not have pending applications submitted within the last 12 months for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation.”).

b. Logic model (see examples [here](#)).

c. Timeline or milestone chart.

d. Résumés of all key personnel.

e. Job descriptions outlining roles and responsibilities for all key positions.

f. Letters of support/memoranda of understanding from partner organizations.

g. Evidence of nonprofit status, e.g., a copy of the tax exemption letter from the Internal Revenue Service, if applicable.

h. Evidence of for-profit status, e.g., a copy of the articles of incorporation, if applicable.

9. **Financial Management and System of Internal Controls Questionnaire.** In accordance with 2 CFR 200.205, federal agencies must have in place a framework for evaluating the risks posed by applicants before they receive a federal award. To facilitate part of this risk evaluation, all applicants (other than an individual) are to download, complete, and submit this form.
10. Disclosure of Lobbying Activities. All applicants must complete this information. Applicants that expend any funds for lobbying activities are to provide the detailed information requested on the form Disclosure of Lobbying Activities (SF-LLL). Applicants that do not expend any funds for lobbying activities are to enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

How To Apply

Applicants must register in and submit applications through Grants.gov, a "one-stop storefront" to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application here. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at 800-518-4726 or 606–545–5035, 24 hours a day, 7 days a week, except federal holidays. Registering with Grants.gov is a one-time process; however, processing delays may occur, and it can take several weeks for first-time registrants to receive confirmation and a user password. NIC encourages applicants to register several weeks before the application submission deadline. In addition, NIC urges applicants to submit applications 72 hours prior to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

NIC strongly encourages all prospective applicants to sign up for Grants.gov email notifications regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

Note on File Names and File Types. Grants.gov only permits the use of certain specific characters in names of attachment files. Valid file names may include only the characters shown in the table below. Grants.gov is designed to reject any application that includes an attachment(s) with a file name that contains any characters not shown in the table below.

Required Steps for All Applicants. NIC may not make a federal award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements. If an applicant has not fully complied with the requirements by the time the federal awarding agency is ready to make a federal award, the federal awarding agency may determine that the applicant is not
qualified to receive a federal award and use that determination as a basis for making a federal award to another applicant. **All applicants are required to complete the following steps:**

1. **Acquire a Data Universal Numbering System (DUNS) Number.** In general, the Office of Management and Budget requires that all applicants (other than individuals) for federal funds include a DUNS number in their applications for a new award or a supplement to an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and differentiating entities receiving federal funds. The identifier is used for tracking purposes and validating address and point of contact information for federal assistance applicants, recipients, and sub-recipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online. A DUNS number is usually received within 1-2 business days.

2. **Acquire Registration with the System for Award Management (SAM)**

SAM is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. NIC requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. Applicants must **update or renew their SAM registration annually** to maintain an active status.

Applicants cannot successfully submit their applications until Grants.gov receives the SAM registration information. The **information transfer from SAM to Grants.gov can take as long as 48 hours.** NIC recommends that the applicant register or renew registration with SAM as early as possible.

**Access information about SAM registration procedures** [here](#).

3. **Acquire an Authorized Organization Representative (AOR) and a Grants.gov Username and Password.** Complete the AOR profile on Grants.gov and create a username and password. Applicant organizations must use their DUNS number to complete this step. For more information about the registration process, go [here](#).

4. **Acquire Confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization’s AOR.
5. **Search for the Funding Opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance number for this solicitation is 16.601, titled “NIC FY 2017 Restrictive Housing Training and Technical Assistance Program” and the funding opportunity number is **NIC- 17JD02**.

6. **Submit a Valid Application Consistent with this Solicitation by Following the Directions in Grants.gov.**

Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application and the second will state whether the application has been successfully validated, or rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received and then receive a rejection notice a few minutes or hours later. Submitting well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** NIC urges applicants to submit applications **at least 72 hours prior** to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

Click [here](#) for further details on DUNS, SAM, and Grants.gov registration steps and timeframes.

**Note: Duplicate applications.** If an applicant submits multiple versions of the same application, NIC will review only the most recent system-validated version submitted. See Note on File Names and File Types under **How To Apply**.

**Experiencing Unforeseen Grants.gov Technical Issues**

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must contact the Grants.gov **Customer Support Hotline** or the **SAM Help Desk** to report the technical issue and receive a tracking number. The applicant must e-mail the Response Center at **BOP-NIC/General@bop.gov** **within 24 hours after the application deadline** and request approval to submit their application. The e-mail must describe the technical difficulties, and include a timeline of the applicant’s submission efforts, the complete grant application, the applicant’s DUNS number, and any Grants.gov Help Desk or SAM tracking number(s). **Note: NIC does not automatically approve requests.** After the program office reviews the submission and contacts the Grants.gov or SAM Help Desks to validate the reported technical issues, NIC will inform the applicant whether the request to submit a late application has been approved or denied. If NIC determines that the applicant failed to follow all required procedures, which resulted in an untimely application submission, NIC will deny the applicant’s request to submit their application.
The following conditions are generally insufficient to justify late submissions:

- failure to register in SAM or Grants.gov in sufficient time;
- failure to follow Grants.gov instructions on how to register and apply as posted on its website;
- failure to follow each instruction in the NIC solicitation; and
- technical issues with the applicant’s computer or information technology environment, including firewalls.

Notifications regarding known technical problems with Grants.gov, if any, are posted on NIC’s web page.

D. Application Review Information

Selection Criteria

The following three (3) selection review criteria will be used to evaluate each application, with the different weight given to each based on the percentage value listed after each individual criteria. For example, the first criteria, Programmatic Review, is worth 40 percent of the entire score in the application review process.

1. Programmatic Review (40)
   a. Project tasks adequately discussed?
   b. Clear statement of how each task will be accomplished?
   c. New approaches, techniques, or design aspects to enhance the project?

2. Organizational Review (35)
   a. Skills of the proposed project members.
   b. Organizational capacity to complete all project tasks.
   c. Realistic and sufficient project and management plans to complete within the time frame.

   a. Identification of reasonable objectives.
   b. Reasonable justification for inclusion of consultants or partnerships if used.
   c. Realistic budget proposed.

See section What an Application Should Include for the criteria that the peer reviewers will use to evaluate applications.
Review Process

NIC is committed to ensuring a fair and open process for awarding grants. NIC reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether applicants have met basic minimum requirements, NIC screens applications for compliance with specified program requirements to help determine which applications should proceed for further consideration for award. Although program requirements may vary, the following are common requirements applicable to all solicitations for funding under NIC grant programs:

- Applications must be submitted by an eligible type of applicant.
- Applications must request funding within programmatic funding constraints (if applicable).
- Applications must be responsive to the scope of the solicitation.
- Applications must include all items designated as “critical elements”.
- Applicants will be checked against the General Services Administration’s Excluded Parties List.

For a list of critical elements, see “What an Application Should Include” under Section D, Application and Submission Information.

NIC may use internal peer reviewers, external peer reviewers, or a combination, to assess applications meeting basic minimum requirements on technical merit using the solicitation’s selection criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current NIC employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers’ ratings and any resulting recommendations are advisory only, although their views are considered carefully. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations, geographic diversity, strategic priorities, past performance under prior NIC and NIC awards, and available funding.

NIC reviews applications for potential discretionary awards to evaluate the risks posed by applicants before they receive an award. This review may include but is not limited to the following:
1. Financial stability and fiscal integrity.

2. Quality of management systems and ability to meet the management standards prescribed in the Financial Guide.

4. Reports and findings from audits.

5. The applicant’s ability to effectively implement statutory, regulatory, or other requirements imposed on non-Federal entities.

6. Proposed costs to determine if the Budget Detail Worksheet and Budget Narrative accurately explain project costs, and whether those costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the NIC Director, who may consider factors including, but not limited to, peer review ratings, underserved populations, geographic diversity, strategic priorities, past performance under prior NIC awards, and available funding when making awards.

E. Federal Award Administration Information

Federal Award Notices. NIC award notification will be sent from NIC’s Office via FedEx or USPS within 45 days of the announcements close.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the agency-approved project proposal and budget, the recipient must comply with award terms and conditions, and other legal requirements, including but not limited to OMB or other federal regulations that will be included in the award, incorporated into the award by reference, or are otherwise applicable to the award. NIC strongly encourages prospective applicants to review the information pertaining to these requirements prior to submitting an application.

As stated above, NIC anticipates that it will make any award from this solicitation in the form of a cooperative agreement. Cooperative agreement awards include standard “federal involvement” conditions that describe the general allocation of responsibility for execution of the funded program. Generally-stated, under cooperative agreement awards, responsibility for the day-to-day conduct of the funded project rests with the recipient in implementing the funded and approved proposal and budget, and the award terms and conditions.
Responsibility for oversight and redirection of the project, if necessary, rests with NIC. NIC’s role will include the following tasks:

- reviewing and approving major work plans, including changes to such plans, and key decisions pertaining to project operations;
- reviewing and approving major project-generated documents and materials used in the provision of project services; and
- providing guidance in significant project planning meetings and participating in project sponsored training events or conferences.

In addition to any “federal involvement” condition(s), NIC cooperative agreement awards include a special condition specifying certain reporting requirements required in connection with conferences, meetings, retreats, seminars, symposium, training activities, or similar events funded under the award, consistent with NIC policy and guidance on conference approval, planning, and reporting.

**General Information about Post-Federal Award Reporting Requirements**

Recipients must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with 2 CFR 200. Future awards and fund drawdowns may be withheld if reports are delinquent.

Special Reporting requirements may be required by NIC depending on the statutory, legislative or administrative obligations of the recipient or the program.

**Federal Awarding Agency Contact(s).** For Federal Awarding Agency Contact(s), see the title page. For contact information for Grants.gov, see the title page.

**F. Other Information**

**Provide Feedback to NIC.** To assist NIC in improving its application and award processes, we encourage applicants to provide feedback on this solicitation, the application submission process, and/or the application review/peer review process. Provide feedback to [BOP-NIC/General@bop.gov](mailto:BOP-NIC/General@bop.gov).

**IMPORTANT:** This e-mail is for feedback and suggestions only. Replies are not sent from this mailbox. If you have specific questions on any program or technical aspect of the solicitation, you must directly contact the e-mail listed on the front of this solicitation document. These contacts are provided to help ensure that you can directly reach an individual who can address your specific questions in a timely manner.
Application Checklist
NIC FY 2016 NIC FY 2017 Restrictive Housing Training and Technical Assistance Program

This application checklist has been created to assist in developing an application.

What an Applicant Should Do:
Prior to Registering in Grants.gov:
_____ Acquire a DUNS Number
_____ Acquire or renew registration with SAM

To Register with Grants.gov:
_____ Acquire AOR and Grants.gov username/password
_____ Acquire AOR confirmation from the E-Biz POC

To Find Funding Opportunity:
_____ Search for the Funding Opportunity on Grants.gov
_____ Download Funding Opportunity and Application Package
_____ Sign up for Grants.gov email notifications (optional)

After application submission, receive Grants.gov email notifications that:
_____ (1) application has been received,
_____ (2) application has either been validated or rejected

If no Grants.gov receipt, and validation or error notifications are received:
_____ contact NIC regarding experiencing technical difficulties

Scope Requirement:
_____ The federal amount requested is within the allowable limit(s).

Eligibility Requirement:
_____ Nonprofit or for-profit organization, including tribal nonprofit or for-profit organization.
_____ Institution of higher education, including tribal institution of higher education.

What an Application Should Include:
_____ Application for Federal Assistance (SF-424)
_____ Project Abstract
_____ Program Narrative
_____ Budget Detail Worksheet and Narrative
_____ Disclosure of Lobbying Activities (SF-LLL)
_____ Indirect Cost Rate Agreement (if applicable)
_____ Tribal Authorizing Resolution (if applicable)
_____ Applicant Disclosure of High Risk Status
_____ Additional Attachments
_____ Applicant Disclosure of Pending Applications
_____ logic model
_____ timeline or milestone chart
_____ résumés of all key personnel
_____ job descriptions outlining roles and responsibilities for all key positions
_____ letters of support/memoranda of understanding from partner organizations
_____ evidence of nonprofit status, e.g., a copy of the tax exemption letter from the Internal Revenue Service, if applicable.
_____ evidence of for-profit status, e.g., a copy of the articles of incorporation, if applicable.
_____ Financial Management and System of Internal Controls
